2 Niles Zoning Meets Set For Next Week

Two more zoning meetings are scheduled for Niles next week, to complete a series of four neighborhood discussions at which property owners are suggesting changes in the proposed zoning of Niles.

Monday, April 26, the meeting will concern Niles proper, the area bounded by the main line tracks of the Southern Pacific and Western Pacific railroad tracks, as far west as the California Nursery Company. This will also take in the portion of Vallejo street owned by the City of San Francisco. First, Second and Third streets, and all side streets in Niles, are included.

HIGHWAY MEETING

The fourth meeting will be held Tuesday, April 27, for owners of property in the area lying north and east of the main line Southern including Duarte avenue, Vallejo street (opposite S.P. station) and Pacific tracks from King avenue, up Niles Canyon on the western side of the state highway to the "steel bridge."

At the first two neighborhood meetings this week, several changes were made in the proposed zoning plan as it has been mapped by county engineers.

CHANGES SUGGESTED

In the Adobe Acres section, it was proposed Monday that the land east of Linda Drive, backing up the S.P. tracks, be zoned commercial to allow poultry and rabbit raising and processing. Proposals were also made to zone the two corners on Nursery Road opposite the nursery entrance as commercial, and the westernmost corner of the nursery property between the W.P. tracks and Alameda Creek as manufacturing.

Changes suggested at Tuesday's meeting were: To zone the property on Old Canyon Road, through Niles Glen, south to the state highway, for multiple-family use, which would include trailer and auto courts; to zone the property fronting on the highway between Morrison avenue and Morrison Canyon Road for commercial use; and to zone the corners of Santos Road and Shinn street for commercial use.

Meetings are being held at the Niles Justice Court building, starting at 8 p.m.

WILL RENUMBER IRVINGTON HOMES

The task of renumbering all the homes in Irvington is to be undertaken soon by the Chamber of Commerce as a result of action taken by that group at a luncheon meeting held Tuesday at Roethlin's Cafe.

It was brought out at the meeting that the majority of the house numbers are now incorrect and in many instances no allowances made for vacant lots which now are home sites.

President Vernon Leal, acting on a motion made by the group, appointed a committee composed of R. A. Griffin, Edw. L. Rose, and Wayne Day, to obtain a new map of the community and work out a house-numbering system, setting aside numbers for all the vacant lots that might become the location of future homes.

FINAL SHOWING OF LIONS LAFF TONIGHT

The Lions Laff, a hilarious comedy variety show, was presented to the public last night in the auditorium of Washington Union High School, and will have a repeat performance tonight (Friday) at 8 p.m.

Many heretofore hidden talents were revealed for the first time at last night's performance and those who missed the opening night are urged to attend the final show tonight.

The show, with an all-male cast, is a benefit of the Centerville Lions Club, with the proceeds to be used in the organization's eye correction program for needy children.

CHAMBER PROMISED NEWARK NIGHT BUS WILL BE RESUMED

Effective some time next month, night bus service into Newark is to be restored.

This was the promise made the Newark Chamber of Commerce Tuesday evening by Harry Gaeta, president of Peerless Stage System. Gaeta, who was a guest at the Tuesday evening meeting of the Chamber, told the group that the 11 p.m. bus had been discontinued because after one year of making the loop into the community from Centerville, figures revealed that it was a losing proposition to the company. He offered to re-schedule Saturday, Sunday and holiday night service, but on the insistence of the Chamber members, agreed to offer a nightly service beginning with the new summer schedules.

WATER PROBLEM AIRED

President Ray Truscott, who presided, revealed that an invitation had been extended the Alameda County Water District to have a representative present to discuss the water supply problem in the community but no response had been received.

Fire Chief Pashote, in telling the group of the problem of proper fire protection because of the lack of sufficient water, described the system of water lines throughout the community as a "hodge-podge of 2, 4, and 6-inch lines." He told the group that for proper fire protection he recommended a 10-inch main line pipe with nothing less than an 8-inch pipe through the business district and nothing less than 6-inch pipes feeding into the fire hydrants. Another meeting of the Chamber's water committee is to be called in the near future at which time they will arrange for an audience with the water district.

DRAINAGE PROBLEM

Frank X. Viet, member of the drainage committee, told the members that he had met with the Union Sanitary Board in regard to their taking over the operation of a drainage district for the community and the board was very cooperative and expressed willingness to do whatever possible along those lines. Secretary Ray Alberts was instructed to communicate with Supervisor Chester E. Stanley and invite him to next month's meeting to outline to the group what steps can be taken in expediting the formation of a drainage district.

Paul Gygax Jr. presented some information on the Blue Cross Plan to the group, and they voted to invite Bill Lockwood, area representative, to their next meeting to more fully explain the plan.

Richard Texeira, scoutmaster, told the group of the transportation problem faced by the local scout troops and offered a proposal that they might investigate the possibility of purchasing a bus for the convenience of the youth groups. The proposal was taken under advisement.

HOME LOOTED OF JEWELRY AT NILES

Mrs. Catherine W. Gardener, Route 1, Box 471, Niles, reported to local sheriff's deputies Saturday night that burglars had entered her home and stolen several hundred dollars worth of jewelry.

Police reported that the burglars apparently gained entrance to the home by forcing the front door, then proceeded to a rear bedroom where they removed 16 articles of jewelry, including a $400 platinum wrist watch. A quantity of silver nearby was overlooked.

Sheriff's Deputies A. E. Martin and V. L. Peters, who are investigating the case, said that no estimate of the total amount of jewelry taken had been made.

LOCAL PATROLS, BAND WIN AT ANNUAL REVIEW

Washington Township elementary school students won the lion's share of honors and trophies at the annual Southern Alameda County Junior Traffic Patrol Review in Hayward last Saturday.

The Alvarado troop marched and drilled their way to first place in a field of 14 schools, and Centerville came in a close second with St. Michael's of Livermore winning third place.

AN ANNUAL EVENT

In the band contest, Washington High School's black and gold uniformed 'marching band won first place in providing the martial music for the review.

Master of ceremonies of the review was James Williams of the county superintendent's office, and Vaughn Seidel, county superintendent, made the presentation of awards, to the winning troops and bands.

The Alvarado Patrol, drilled by Principal L. H. Maffey and N. E. Click, included: Captain George Apodeca, First Lieut. Antwine Rigmaiden; Second Lieut. Julio Moreno, Tommy Gualco, Yoshio Kamiki, Robert Preciado, Rodney Hendricks, Masaharia Hisaoka, Tony Mata, Johnny Gualco, Frank Valardi, Salvador Barrera, Conrad Preciado, Andrew Pementel, Leonard Barrera, John Corrales, Manuel Garcia, Frank Corrales, Julio Labrato, Elizabeth Flores, Carol Hockings, Sumiyio Hisaoka, Alice Moreno, Esther Renteria, Emilda Dominguez, and Anita Apodaca.

SECOND PLACE WINNERS

The Centerville Patrol, trained by principal Tom Maloney and sponsored by the Centerville Lions Club, includes: Captain Jack Ferraris, Lieut. Lupe Ruano, Leonard Brown, Roy Rodrigues, George Hammers, Frank Senn, Ronald Martin George Pimentel, Dick Arington, Richard Sylvestri, Leroy Rose, Joe Alexander, Bill Perry, Ed King, Teto Lardezabal, Duane Scott, David Maciel, S. T. Edgman, Russel Hayes, Ben Omalza, Bobby Rose, Ernie Davi, Donald Elston, Eddie Clay, and Billy Ward.

THIEF HAS PROBLEM TO 'IRON' OUT

It would be almost as easy to dispose of the crown jewels without detection as three tons of iron, but apparently a thief who broke into the yards of the Sunset Foundry early Thursday morning failed to consider that salient factor.

Claude Rogers, employee at the foundry, made the discovery of the theft of the iron when he came to work Thursday morning.

Mrs. Toste, a neighbor, revealed that she had heard a truck spinning its wheels about three or four in the morning, but didn't get up to investigate. It is thought that a duo-wheel type truck was used to carry away the loot.

The sheriff's office was notified by John Freitas, owner of the foundry, and Officer Bob Moore is working on the case.

The iron is valued at around $120, but inasmuch as it is difficult to get at the present time, the loss has caused considerable concern at the foundry.

IRVINGTON Y.L.I. ELECTS OFFICERS

The Past Presidents' Club of St. Jude's Institute, Y.L.I., of Irvington, met at the home of Mrs. Mae Avila Tuesday evening and elected officers to head the group for the coming year.

Mrs. Anne Rose was elected to the position of president and Irene Harvey was named secretary-treasurer. The members voted to request Father Reardon of Mission San Jose to serve as their chaplain.

An invitation from the Past Presidents' Club of Isle City Institute, Alameda, was read at the meeting, asking the members here to attend a reunion of all past presidents of Alameda County at a meeting to be held May 12 at Ballroom Hotel, Alameda. Local members who expressed their intentions to attend were Mrs. Anne Rose, Mrs. Mae Avila, Mrs. Beatrice Enos, Irene Harvey and Mrs. Anne Perry.

The next regular meeting of the group will be held May 18 at the home of Mrs. Perry.

HAYWARD CONCERT ASSOCIATION WILL AID LOCAL GROUP IN ORGANIZING

Expressing confidence in Washington Township's plans to organize a community concert series similar to its own, the Southern Alameda County Community Concert Association of Hayward this week notified Mrs. Roland Bendel, chairman of the local group, that in order to help start the ball rolling here it will remit the money sent for season membership in the Hayward series to any township resident who would prefer joining the Washington Township Association.

This was good news to many from the township who had already sent in their membership request to the Hayward association. Kenneth Henry, membership chairman for the Hayward group, made this statement in his letter to Mrs. Bendel: " . . . that we have in mind returning to your jurisdiction the membership subscription of those from your area who have already renewed with us. We will write them suggesting withdrawal and affiliation with you during your campaign from May 31 to June 5."

The letter goes on to say, "If you should not meet with sufficient success or abandon the plan for any other reason, provision will be made here to admit Washington Township subscribers to our series even if the decision comes after our closing date and should it involve placing chairs on the stage."

Mrs. Bendel, in commenting on the letter, stated that she has no fears of having to "abandon the plan" but is deeply grateful to the Hayward group for its magnanimous offer. "The community concert idea has caught on in the township," said Mrs. Bendel, "and

SCHOOL DISTRICT ASKS TAX BOOST

Residents of the Warm Springs Elementary School District will vote on a proposal to raise the tax rate of the district at the May 21 school election.

The proposal calls for an increase of 50 cents per $100 assessed valuation, which would raise the tax rate from 80 cents to $1.30. Principal James said this week that the increase in revenue is necessary if the school is to maintain its present services to the students, including the operating of a school bus.

Polls will be open from 12 noon until 6 p.m.

NAMED DELEGATE

Joelle O'Neill, Alvarado, a member of the Junior Class at Washington Union High School, has been named to represent the Washington Junior Red Cross at the national convention to be held at San Francisco June 21-24.

The Junior Chamber is sponsoring a golf tourney during the afternoon with tee-off time set for 1 p.m. Prizes will be awarded to the localites who make the 18-hole circuit in the least number of strokes.

H. L. SCOTT FILES FOR NILES TRUSTEE AGAINST ROBBINS

The filing of H. L. Scott, Niles merchant, for the vacant post of trustee of the Niles Elementary School District this week made the Niles school election May 21 a race between generations.

Last week Thomas B. Robbins, 34, father of a Niles school first-grader, filed his candidacy. Robbins has been named by a large group of Niles mothers as one of four younger men—all fathers—whom they recommended as candidates for appointment by County School Superintendent Vaughn Seidel.

SEIDEL DUCKS

Scott's name had been submitted to Seidel by Trustees Jack Alberg and George Burr as the man to appoint to replace the late Joe Gomes.

Seidel avoided the controversy, declined to appoint anyone, and left the matter ride to election.

Scott, a pioneer Niles merchant, is 64 years of age, is presently a member of the Niles Sanitary Board, and for nine years, until 1942, was a member of the board of trustees of Washington Union High School.

OLD VS. NEW

As well as being a contest between the older and younger generations, the Niles school election marks the first time that neither candidate has been an incumbent. It has been the experience locally that vacancies have been filled by appointment between elections, the appointee then becoming candidate at the next election, usually without opposition.

Contests for school trusteeship in Washington Township this year set a record of four races out of nine districts. As well as the Niles contest:

In Mission San Jose, Jacob A. Koelsch is opposing incumbent Joseph Azevada.

Incumbent William Davis, trustee of the Decoto School, is being opposed by Kenneth Garcia.

Frank Pimentel is opposing incumbent Frank Duarte in the Alviso school district.

Local Trustees Favor Teacher Salary Boost

That elementary school teachers throughout Washington Township would receive wage increases on their new contracts for 1948-49, was generally agreed by the members of the Washington Township School Trustees Association at a meeting held Tuesday evening at the high school.

The common problem faced by the Board of Trustees of all of the schools, however, was just how much of an increase their limited budgets could accommodate.

7 SCHOOLS REPRESENTED

Attending the meetings to discuss teachers' salaries for the coming year were representatives from Alvarado, Centerville, Decoto, Irvington, Newark, Niles, and Warm Springs. Chairman Sam Scott of Newark presided over the meeting and Tom Maloney, superintendent of the Centerville Elementary School District, served as moderator during the discussion.

A survey of the delegates present revealed that for the current 1947-48 school year the salaries paid the elementary school teachers in the township ranged from a low of $2,400 per year to a high of $3,300.

The trustees, as a whole, felt that all salaries should be boosted but were uncertain about the ability to grant much of an increase and remain within their budgets and agreed that property taxes for school districts is at a maximum.

LOSING TEACHERS

Salary increases tentatively established by the schools vary from $60 to $150 per year in the various schools and teacher classification brackets.

Some of the representatives revealed that they are losing some of the key teachers to neighboring communities which are paying higher salaries. "If we are to retain a high class of teachers throughout our schools we must compete in salary schedules with neighboring communities," Maloney told the group.

At the conclusion of the discussion the group re-elected Scott chairman for the coming year and named Maloney secretary to succeed E. Dixon Bristow. A discussion on the proposed unification plan was tabled until the next meeting of the group.

EAGLES AUXILIARY ELECTS OFFICERS

The Auxiliary of the Alvarado Eagles, Aerie No. 1695, met at their hall Monday evening and elected officers to serve for the coming year.

Mrs. Laura Mayer, Niles, is the retiring president, and Mrs. Constance Holland, Centerville, first past president, was named as mother to the Auxiliary.

REPORTS ON DELAY OF SEWER ANNEX

The Centerville Chamber of Commerce, at a luncheon meeting held Wednesday at the California Inn voted to assume half the expense with the Lions Club in the erection of the community flag pole. A definite site for the standard has not been selected at the present time.

Secretary Ralph Goodwin, reporting on the reply received from the Union Sanitary Board concerning the date that the sewer annexation in Centerville might be connected, told the group that final acceptance was being delayed because of difficulty in repaving a small section of the highway on Santos avenue. He stated that the sanitary board told him the sewer lines were all completed but the district cannot accept the job until all the terms of the contract are completed. He told the group that the board had promised to do everything possible to expedite the completion and acceptance of the project.

BEGIN PROCEEDINGS FOR ROAD WIDENING

First steps toward the improvement of Jarvis road at an estimated cost of $200,000, were taken by the board of supervisors this week when Supervisor Chester E. Stanley moved that District Attorney Frank Coakley be authorized to start condemnation proceedings on 33 parcels of land.

As outlined by County Surveyor Wallace Boggs, the present road from the Alvarado-Centerville junction to Dumbarton road, a distance of three miles, will be widened to 60 feet.

Stanley told the board members that condemnation proceedings were necessary in order to make use of Federal and State funds which are available. He also declared the county hopes to get title to most of the necessary pieces of land by negotiations with owners, but the court proceedings will give immediate possession to the county so that plans can be made. The 33 parcels of land required involve about 100 individuals who are named on the deeds, he stated.

A message to the people of California about the new Federal Income Tax reduction

The income tax reduction just passed by Congress will add extra dollars to your pay check on every payday after May 1. In California alone, this extra income will amount to many millions of dollars a year.

To you as a taxpayer this may be a welcome relief, but it is money most of you have been getting along without. It may be quickly absorbed in your regular daily expenses—or it may be saved.

Route those tax reduction dollars to a savings account—*in any bank*—and you'll accumulate a fund with which you can do something worthwhile. Whether your goal be the purchase of United States savings bonds, a fund for a particular purpose, or just the satisfying sense of security that comes from having money in the bank—the time to start your savings account is now. Save those first extra dollars . . . and they'll add up fast!

Here's what you can save!
(Example based on typical family: husband, wife, two children)

SPORTSMEN LINE UP for competition at the .22 rifle range last Sunday at the Niles Sportsmen's Club merchandise shoot at the Joe Castro Ranch. Left to right, they are: Lawrence Bunting Jr., F. L. Eastham, Roby Pierce, Bill Strong, Stoney Mayock, and Lorin Mohn. (Below) Joe Pine, general chairman of the shoot, came off with top honors along with Ernie Frick at trap shooting.—Register Photos.

STUDY CHANGE FOR DEER SEASONS

California deer seasons for 1948 will be announced within two weeks, the Associated Sportsmen of California reported.

Recommendations submitted to the State Fish and Game Commission over the past week-end are being studied now and tentative dates and bag limits probably will be announced within the next ten days.

Final decisions will be rendered at a meeting slated for San Francisco April 29 and 30.

Organized sportsmen united behind the proposals that the Coast Range season open August 7 throughout the entire state. From Oregon to the Monterey-San Luis Obispo County line and west of Highway 99 would be a two buck deer bag limit with the season closing September 15.

South of the Monterey-San Luis Obispo line and west of Highway 99 would be a one-buck deer district with the season closing September 6.

East of Highway 99 would be a one-buck deer district throughout, opening September 16 and closing October 15.

The Berkshire breed of hogs was introduced into California in 1847.

69 WIN PRIZES IN SPORTMEN'S SHOOT SUNDAY; PINE, FRICK TRAP CHAMPIONS

Drawing more than 1500 participants and spectators, the merchandise shoot held last Sunday at the Joe Castro Ranch will go down in the history of the Niles Sportsmen's Club as a markedly successful sporting meet.

Sixty-nine prizes of $4 merchandise orders were awarded contestants—and the club made a very nice profit. Stars of the day were Ernie Frick and Joe Pine, winners of two 25-shot trap-shooting handicaps; Joe Pine took the first match and Ernie Frick the second.

The large-bore rifle range proved hardest for the sportsmen, shooting at a 170-yard target with telescopic sights and 147 yards with open sights.

Winners in this bracket were: Bob Gellerman, Wayne Calhoun, Louis Schmidig, Howard Irish, Frank Druttman, Larry Leuvano, Dick Farrington, Walter Steinmetz, Glen Mohn, and H. Frish.

Most popular sport was the trap-shooting, at which the following were winners: Joe Pine, Ernie Frick, L. L. Lewis, Blake Palomountain, Frank Duarte, John Feliciano, Harry Davis, James Damas, Karl Kaiser, Joe Ligo, E. D. Bristow, Bill Tyson, Joe Lego, M. Mingorio, R. Silveria, M. Whitson, Doug Mayock, Dick Farrington, Neal. McIsaac, Chris Mikkelsen, Ernest Davis, Phil Managgio, Ken Ferry, John Turner and Laurence Bunting.

On the .22 rifle range, the following marksmen were winners: Stoney Mayock, Joe Magard, Paul Hunt, Doug Mayock, Ken Calhoun, Dwain Wood, Chet Gellerman, Sid Gaunt, Mrs. Karl Kaiser, Tony Rogers, Dee James, Billy Ramsey, Paul Hunt, Mrs. Lawrence, Joe Miller, L. Schmidig, B. Burch, and Frank Druttman.

Pistol range winners were: Bill Eyres and Everett Mendenhall.

Prizes were limited to two in each event.

In charge of the shoot were: General Chairman Joe Pine and Publicity Chairman Lorin Mohn.

The .22 rifle range: Laurence Bunting and Clarence Springer.

Pistol range: Filton Couker.

Trap-shooting: Richard Davis, Clarence Musgrove, Milton Fournier and James Damas.

Large-bore rifle: Joe Dooley and Reg Calhoun.

Refreshments: Bill Chivers, Joe Rose and Joe Duarte.

Prizes for the contests were orders on Niles merchants for $4 each, all of which were paid for by the Niles Sportsmen's Club. No prizes were donations.

Directors, meeting Wednesday evening at the home of Richard Davis, voted the affair a big success. Present were: President Karl Kaiser, Chairman Joe Pine, Joe Dooley, Charles Rilea, Clarence Musgrove, Tony Fields, James Damas, Harry Davis, Richard Davis, Bill Chivers, Lorin Mohn and Joe Duarte.

SPORTSMEN'S PRESIDENT THANKS HIS WORKERS

President Karl Kaiser, all smiles and not content with news as news only (above), came into The Register office yesterday with a good many bouquets for all his loyal workers who helped put over the merchandise shoot given by the Niles Sportsmen's Club.

President Kaiser effused gratitude to: Chairman Joe Pine, Publicity Chairman Lorin Mohn, Laurence Bunting, Joe Dooley, Charles Rilea, William Chivers, Richard Davis, Ernie Frick, Jimmy Damas, Joe Rose, Joe Duarte, Clarence Pine, Clarence Musgrove, Jimmy Fitzhugh, Reginald Calhoun, Walter Kempton, Manuel Fortuna, Harry Davis, Milton Fournier Jr., Glenn Mohn, Chet Gellerman, Bob Gellerman, Tony Fields, John Moura, Joe Castro, Ottilio Ferenzio and F. A. Coker.

BELLARMINE BEATS HUSKIES

HUSKIE NINE HOST TO MT. VIEW APRIL 29

HE'LL KNOW THE DIFFERENCE NOW

Failure to tell the difference between a cottontail and a jackrabbit cost Joseph Montago, 30, Hayward, $25 in Centerville Justice Court last Friday.

Montago, who was arrested on Jarvis Road near Newark by Game Warden Fred Rogers who had witnessed the shooting, told Judge Allen G. Norris that he shot the rabbit at a long distance and it was on the run, making it difficult to identify. Rogers, who brought the deceased rabbit to court as evidence, disqualified the story somewhat by remarking that the telescope sight on the rifle should have made it easier for the marksman to tell the difference.

SUFFER SHUT-OUT

The Niles Merchants, local baseball club, suffered a stinging 11-0 shutout at the hands of the Ashland Merchants last Sunday on the Ashland diamond. The Niles club, which has been playing a much improved brand of ball earlier this spring, looked ragged after a three weeks' idleness and booted the ball around the infield on several occasions.

This Sunday the Niles team will return to the Ashland diamond for a 2:30 p.m. encounter with the C.I.O. team from Oakland.

NILES CHAMBER MAY HAVE FAIR EXHIBIT

Probability that Niles will have an exhibit at the Alameda County Fair at Pleasanton this fall was indicated Tuesday by the Niles Chamber of Commerce at its regular Tuesday luncheon meeting at the International Kitchen.

President John Brahmst told the Chamber that the rental fee for a booth would be $25. It was suggested that a booth might be retained permanently and voted to investigate this possibility.

Announcement was made that next Tuesday, in observance of Public Schools Week, the Chamber will be luncheon guests at the Niles Elementary School.

Visitors at Tuesday's meeting were R. D. Rodenberger, traveling freight agent, and Napier Tooker, traveling passenger agent, for the Southern Pacific Company. They asked the Chamber to go on record favoring repeal of the "full-crew" law which established the minimum number of brakemen on trains. The repeal is being proposed as an initiative measure to be voted on at the November relection.

The Chamber postponed action on the matter until next week's meeting.

Thinking Things Over...

AN INVASION

Get out the Flit, or the D.D.T., or whatever you use to make war on mosquitoes, as Roland Bendel, mosquito abatement officer, is predicting a mosquito invasion.

Mr. Bendel assures everyone that the breeding grounds are being properly taken care of by the abatement crew, but this expected horde of mosquitoes knows no mercy and nothing can be done about them. At present, they are enjoying the climate over San Mateo way. Soon, however, they are expected to tire of the "blue-bloods" of San Mateo, and will be looking for some good red-blooded characters. This search will, of course, bring them to the township. There is also a little matter of the wind—which is said to be cooperating in taking them on this scenic tour of Central California.

NILES DAY

Again there will be a "Niles Day" at the Old Hearst Ranch. It's a breakfast and broadcast this Sunday, starting at 10:30.

It was fun last year, and will probably be more fun this year. You have breakfast out on the terrace, then sit back and relax, and listen to a radio program in the making. That is, you relax unless you're in ON the program. Then—unless you're a complete extravert—you feel a few butterflies in your stomach. But you are not forced to get up before the mike, so if you're the shy type you'll probably have more fun just watching your friends come down with "mike fright."

If you don't go, you'll be missing a good time.

Hirsch of Irvington, Mr. and Mrs. Walter Connolly of Irvington, Mr. and Mrs. William Benbow of Irvington, Mr. and Mrs. Frank Katzer of Newark, Mrs. Walter Rose of Irvington, and Mr. and Mrs. Bernie Joseph of Decoto. New Residents Like Southern County

Entertaining out-of-town guests almost every week-end are Mr. and Mrs. Bob Lane, who have recently completed their new home in Sunol.

Although not living in the township, the Lanes may be said to be identified with us in this area as their son, Dick, is enrolled as a freshman at Washington High. Their daughter, Carol, is a student at the University of California.

Former residents of Piedmont, Mr. and Mrs. Lane have become ardent boosters of southern Alameda county. Their spacious adobe home, situated on a hillside, in addition to being an exemplary style of modern California architecture, has the advantage of commanding one of the most perfect views you could find anywhere. The Lanes have been so busy entertaining friends who welcome a chance to "come to the country" that they have little time left for landscaping their 17 acres, a condition which they hope to remedy as quickly as possible. Their landscaping plans, when carried out, will undoubtedly earn them the reputation of owning one of the bay area's most attractive homes.

Dinner Guests

Out-of-town dinner guests Saturday night of Mr. and Mrs. Clyde Voorhees were Mr. and Mrs. Luke Argilla of Redwood City, and Mr. and Mrs. Herb Hudson of San Mateo.

McMinn of San Francisco first spoke of the composers, then sang several selections of Bach, Handel and Franz, accompanied at the piano by Miss Hyde's sister, Miss Florence Hyde. Light refreshments drew a highly entertaining afternoon to a close.

MISSION SAN JOSE NEWS

ON EXTENDED TRIP

After many years of wishing, hoping and planning, Mrs. Marie Aust is at last realizing those dreams. She left this week for Los Angeles for a few days stay; from there she will go across the country to Niagara Falls and into Canada where she will visit a sister whom she has not seen in 34 years. She plans a three months' tour of the Canadian Rockies, and other points of interest in Canada and northern U. S. later coming to Seattle where she will spend a month with her daughter, Mrs. Walter Kane Scott and her family. Mrs. Scott will be remembered as Florence Aust, who for many years was secretary at the Washington Union High School at Centerville. She will visit in Oregon and way points on her way home. Bon voyage and a wonderful time, Mrs. Aust. By the way, son Paul will be batching. Won't some kind person take pity on him?

FOURTH BIRTHDAY

Little Carolie Bonner, daughter of Mr. and Mrs. Alfred Bonner, and granddaughter of Mrs. Octavia Young, celebrated her 4th birthday on April 16th. ERECT FLAG POLE

The members of the Mission Men's Social Club are working hard on the erection of their new flag pole back of the monument which they erected some months back. When it is all done and in readiness (about the last of May), they will have flag raising ceremonies in honor of our three war dead.

FORMER RESIDENT DIES

Joseph Garcia was saddened this week by the passing of his sister, Mrs. Rose George, of Sunnyvale, former Mission resident. Mr. and Mrs. Garcia attended the funeral at San Jose on Monday. She leaves her husband and a 14-month-old son. Her sister, Laura Garcia, was a school mate of many of the Mission boys and girls.

MISS MAYOCK HONORED

Miss Sally Ann Mayock, senior at Mills College in Berkeley, was surprised but very happy for she was elected to the Phi Beta Kappa sorority this past week. She had been trying very hard for the honor as only scholarship students are admitted by the approval of the college president and faculty. She is the daughter of Mrs. Ann Mayock of the Mission.

HAS ACCIDENT

When one does not see so very good it is really bad, but when glass doors are closed after you enter the store and you do not see anything where the glass is, you really are in a pickle, and one that costs plenty in time and a new pair of special made glasses for yourself. Such was the case of Elna "Teddy" Pereira who really has a hard time seeing things for she walked right into the closed glass doors of the Ruiz Shoe Store on Tuesday morning and broke her glasses, which she cannot do without. No cuts but a few bruises around the eyes, so if you see her don't accuse Jack of bodily harm, please. Thank you.

CALLS MEETING

A special meeting was called at the Mission Grammar School by Mr. E. D. Hodges, principal of the school, on Thursday to clear up many misunderstandings and to let the people of the school district hear a report of finances. Mr. Jacob Koelsch, a home owner on Ellsworth street with a son in school, will also run on the trustee election against Mr. Joseph Azevada, who has been a member of the board for many years. It Takes Ore to Make the Steel You Use

and PROFITS to keep mines running

It takes vast amounts of expensive equipment and machinery to keep iron ore moving smoothly to the blast furnaces.

It also takes a lot of money.

It is a man-sized job for the profit dollar.

But the profit dollar doesn't have the strength it used to have.

For the cost of new mining machinery, replacement and maintenance has gone up. And as those costs have gone up, the purchasing power of the profit dollar has dropped.

For example, today's profit dollar buys only 58 cents' worth of electric ore shovel compared with 1938.

Steel profits averaged 6.3 cents on the sales dollar last year.

Steel profits last year averaged 9.4 cents per dollar of investment.

Steel profits are too low when measured against the cost of continuing efficiency.

CHILDREN RECOVER FROM DRUG DOSE

Two Niles youngsters returned to their home Wednesday fully recovered from a game of playing doctor which sent them both to the hospital Monday evening, in a critical condition.

They are Denna Borne, 7, and her 5-year-old brother, Donald, son and daughter of Mr. and Mrs. Lee Borne, Box 561, Niles.

The two children had been playing in the back yard where they are presently making their home with their grandparents, Mr. and Mrs. Vail Barber. Late in the afternoon they went into the house and told their mother that they were sleepy and wanted to take a nap. A few minutes later Mrs. Borne went out into the yard to turn off a water faucet the children had left open and discovered an empty cardboard box bearing a label indicating it had contained sleeping tablets.

She dashed back into the house and made a futile attempt to rouse the youngsters. They were then taken to a local doctor and a stomach pump used. After they had failed to rally to the treatment they were rushed to Fairmont Hospital in the Dallas Paul ambulance. They were later transferred to the Children's Hospital.

Barber, grandfather of the children, said Wednesday that the sleeping tablets had been purchased some time ago for another member of the family and had been discarded. The children found them in an incinerator and swallowed the pills.

S. F. COLLEGE MAN TO GIVE TALK HERE

An invitation to all mothers of pre-school and primary-grade age children is being extended by the Newark school district to attend the first of a series of conferences, to be held next Tuesday, April 27, at two o'clock at the Newark school.

The speaker on that day will be Dr. George V. Sheviakov of San Francisco State College. He is a guidance consultant for Alameda County Schools.

Mothers will find the talks extremely helpful in preparing their children for adjustment to school curriculum. Topics to be discussed will be reading readiness, nutrition and growth, art, music and rhythm, and allied subjects.

The Tuesday conference is the first in a series of eight. Days and the names of speakers for succeeding conferences will be announced in this paper.

There is no admittance fee to these conferences and mothers of children of the age groups mentioned are urged to attend.

DRIVER WHO CRASHED WITH BUS PAYS FINE

Jose Cepeda, 301 Sixth street, Decoto, was fined $20 in Centerville Justice Court last Friday on his plea of guilty to a charge of driving his automobile on the wrong side of the road, resulting in an accident.

Cepeda's car collided head-on with a Peerless bus in Niles about 10 p.m. on Sunday, April 11.

SCOUTS ADVANCED AT COURT OF HONOR

Boy Scouts of Centerville and Decoto were advanced in Scouting last week at the Court of Honor held at the Decoto Elementary School auditorium.

Pat Luna, Scoutmaster of the Decoto troop, was in charge of the Tenderfoot investiture and George Coit, court of honor secretary, was in charge of the higher awards.

Receiving their tenderfoot badges were Oscar Viesca of Decoto and Billy Scug of Centerville. Edward Sisneroz of Decoto was advanced to Second Class and Eugene Scug of Centerville was made first class.

Merit badges were awarded to Joseph Bettencourt, Barron Holland and Jerry Browning, all of Centerville.

Scouters present were James George, Arthur Belshaw, George Coit, Pat Luna, Kenneth Garcia, and Fred Duffie.

OKLAHOMA TICKETS STILL ON SALE

One of the highlights of the Theatre Guild's famous musical production, "Oklahoma!", which plays in the auditorium, San Jose, on Thursday, Friday and Saturday, May 6, 7, and 8, with an additional matinee on Saturday, is the ballet arranged by Agnes de Mille, entitled "Out of My Dreams," which ends the first act.

This unique, highly stylized set of de Mille dances has double claim to fame—not only on account of their originality and theatrical effectiveness, but also because they have set a pattern which has colored the choreography of every new musical made in New York since "Oklahoma!" was produced. Miss de Mille's dances for "Carousel" and "Bloomer Girl," and "Allegro" are examples in point.

Louise Foranca is leading dance comedienne, "the girl who falls down."

Tickets for "Oklahoma!" in San Jose on May 6, 7, and 8, are on sale at the Denny-Watrous box office, San Jose auditorium.

CENTERVILLE P.T.A. PARTY TUESDAY

The public is invited to the "white elephant" whist party to be given by the P.T.A. in the Centerville Elementary School auditorium on next Tuesday afternoon, April 27, at 2:30 o'clock.

The admission will be twenty-five cents.

A cake sale will precede the party.

ALLEGED BURGLARS IN COURT TODAY

Felix R. Mesa, 19, and Henry Rodriques, 24, both of Decoto, will appear in Niles Justice Court for arraignment and plea on a burglary charge today (Friday).

The two youths, alleged to have broken into the Decoto Club last week, appeared in court last Friday and requested the services of the Public Defender. They are in custody in lieu of $2,000 bail each.

NILES DONATES OVER $1,300 TO RED CROSS

Mrs. E. Dixon Bristow, Red Cross campaign chairman for Niles, revealed this week that a total of more than $1,300 in contributions had been received locally and turned over to Township Chairmen R. A. Jolly and LeRoy Broun. She expressed her thanks to the volunteer solicitors here who did so fine a job of canvassing the community.

STORY ABOUT NILES SCHOOL PROJECT IN NATIONAL MAGAZINE

The Third Grade Class of Niles Elementary School and Niles Postmaster Edward E. Enos were the subjects a feature article and picture contained in the April issue of the nationally distributed Postmasters' Gazette.

The story stated, "A Third Grade Class project of the Niles Grammar School, Niles, California, attracted wide attention in a lesson in postal education. The class reviewed postal rates, regulations, facilities, and services. Actual practice and addressing letters and packages, completing money order and bond applications and presenting it for the attention of the postal clerk was accomplished.

"In the course of their study, they invited the Postmaster to speak and participate in their general discussions dealing with Air Mail and the Post Office department. In turn, they visited the post office in small groups to learn what was done in a post office.

"This is a splendid example of postal education and our congratulations are extended to Postmaster Edward E. Enos."

The picture accompanying the story shows two of the students seated behind the windows of their model post office and selling stamps and money orders to two other student-customers.

BATTLE OF WITS AT NILES SCHOOL

Turing the tables on their mothers, the students of the sixth grade of the Niles school last Wednesday at the monthly P.T.A. meeting, conducted a mothers' quiz.

The unsuspecting mothers, caught off guard by the unusual proceedings, had to admit to a bit of embarrassment when such questions as "When did the Pilgrims land?" and "When was Jamestown founded?" were posed. Carrying on bravely, however, in the face of secret amusement by the young moderators, the mothers managed to snag several prizes, and each of the seven who participated was the recipient of a lovely pansy corsage. The program was arranged by Mrs. Tom Morgan, sixth grade teacher, and the consensus of those who attended the meeting was that it was a huge success.

The business part of the meeting comprised of a discussion of the well-baby conferences to be sponsored by the P.T.A. Further details of these conferences will be announced at a later date.

Mrs. A. W. Gorman, president, appointed the following on a nominating committee: Mmes. Laura Mayer, Marie Vervais, and Mamie Ferreira.

CATTLEMEN WILL MEET TUESDAY

The Alameda-Contra Costa Counties Cattlemen's Association will have a spring meeting on Tuesday, April 27, at Fred Weidemann's Ranch, San Ramon, starting at 1:30 p.m.

The grading of market beef cattle will be demonstrated by Harold Strong, specialist in animal husbandry of the Agricultural Extension Service, University of California. Central market practices will be discussed by James Hartell who is the western representative of the U. S. Department of Agriculture.

Fred Wiedemann's Ranch is found by turning west at the Bishop Ranch which is ½ mile south of San Ramon.

CONCERT PLANS

(Continued from page 1)

is really beginning to snowball. We are practically assured of success which means several nationally-known artists will be heard right here in our own Washington Union High School auditorium."

Two more names were added to the list of directors, James Nunes of Centerville, principal of the Warm Springs school, and Ralph Chapman, also of Centerville, who will have charge of publicity.
